

Oven Microwave Cutout

SHI-CO-OM-AI

Appliance Information

This information sheet is used to identify appliance specifications.

 Orders@wwinc.com  (573) 624-3526  (573) 624-6671

Order Information

1. Business Name	2. Customer #	3. Order PO #	4. Job Name
5. Cabinet Number	6. Cabinet Description	7. Intermediate Rail Widths	8. Add Center Stile?
Cabinet number as it appears on the associated order form	Cabinet SKU as it appears on the associated order form (E.g.: OM3396)	Select 3" or 1 1/2" intermediate rail widths (<i>Top, middle and bottom</i>)	This will determine if there will be a center stile added to this cabinet

Appliance Information

9. Appliance Maker	10. Appliance Model Please include the complete appliance model number
--------------------	---

Cutout Information

- Cutout widths will be obtained by the use of fillers
- To avoid the use of fillers, the cabinets may be ordered 3" wider than the cutout width at no extra charge
- Openings larger than 3" less the width of the cabinet must be field cut (*Maximum 1 1/2"*)
- Cutout dimensions or make & model of unit must be supplied
- If no intermediate rail(s) size is selected, intermediate rail(s) will be 3"
- For oven microwave cabinets, the distance from the bottom of the oven to the floor is required
- Oven clearance requirements are the purchaser's responsibility
- W. W. Wood Products, Inc. is not responsible for any clearance or venting requirements
- This completed specification sheet must be submitted with a standard Shiloh order form (*SHI-SOF*)
- This specification sheet will not be accepted singularly or as an order form

Customer Acknowledgment and Responsibility Agreement

By signing below, I acknowledge and understand that W. W. Wood Products, Inc. is not responsible for any inaccuracies or errors in appliance cutout specifications. It is solely my responsibility as the purchaser to ensure that all appliance cutout, clearance and venting requirements are correct for the cabinets being ordered.

I further acknowledge and agree to provide the manufacturer's flush installation appliance specifications at the time of purchase. I understand that failure to submit these specifications may result in installation issues for which W. W. Wood Products, Inc. will not be held liable.

I have read and fully understand the above terms and conditions.
